

Swedbank Pension Fund K60

Factsheet | Data as of 30 September 2019

Investment principles

Swedbank Pension Fund K60 is a contractual investment fund founded for providing mandatory funded pension. Up to 60% of the fund's assets may be invested in equities, equity funds and other equity-like instruments, with the remaining portion of the fund's assets invested in bonds, money market instruments, deposits, immovables and other assets permitted by legislation. The objective of growth strategy is to guarantee as high rate of return as possible as a result of long-term accumulation of assets. Over a shorter period of time, the capital value may also decline and the unit value may significantly fluctuate in case of growth strategy.
